**Subject:** FW: Silverton Wind Farm - Modification No. 3

David

As you would be aware, Broken Hill Council raised a number of concerns about the Silverton Wind Farm late in the assessment process for the current modification.

This was flagged in the Department's assessment report and copies of the applicable correspondence were appended to the report.

I wish to advise the Commission that Council and AGL have been in discussions since that time, and Council has written to the company advising that all the issues it had raised have been adequately addressed and that it supports the Department's recommended conditions for the project.

A letter to this effect is attached for your information.

If you have any questions about any of the above, please feel free to contact Phillipa Duncan on 9274 6451.

Regards  
Mike

Mr Adam Mackett  
Project Manager  
AGL Energy Limited  
Locked Bag 1837  
ST LEONARDS NSW 2065

Dear Mr Mackett

**Silverton Wind Farm – Modification No. 3 – Request for Voluntary Planning Agreement**

Reference is made to Council's letter dated 24 November 2016 in relation to the abovementioned matter.

Subsequent to discussions with AGL this week regarding Council's concerns and perusing the proposed conditions for Modification No. 3, Council is confident that all matters raised, are now adequately addressed.

Please be advised that Council will inform the Planning Department and the Independent Planning Assessment Commission of Council's position and agreement with the proposed conditions of consent.

Council looks forward to working with AGL on this important project and creating opportunities in our local community.

Yours faithfully

ANDREW BRUGGY  
CHIEF OPERATING OFFICER
