

Ms Carolyn McNally
Secretary
Department of Planning and Environment
GPO Box 39
SYDNEY NSW 2001

21 December 2016

Dear Ms McNally

**Subject: Determination of Modification (MP 08_0101 MOD 6) –
Integra Underground Project, Singleton LGA.**

I refer to the Department's letter received 19 December 2016 referring the above modification request to the Planning Assessment Commission for determination under Ministerial delegation of 14 September 2011. I constituted the Commission to determine the modification.

The modification request seeks to correct an administrative error which unintentionally altered the previously approved mine plan for the project as part of the approval under MOD 5. The Proponent is now seeking to replace the modified approval's project layout plan with two revised plans which more closely resemble to previously approved plans. The Department has identified that the proposed modification will have no identifiable environmental impacts.

No public consultation was conducted by the Department due to the administrative nature of the proposed modification.

I am satisfied the modification seeks only to correct an unintentional administrative error and no additional environmental impacts are likely to occur. Consequently, I have determined to approve the modification request, subject to the Department's recommended conditions. The signed instrument is also enclosed.

Yours sincerely

Lynelle Briggs AO
Chair
NSW Planning Assessment Commission

cc. The Hon. Rob Stokes, MP
Minister for Planning
