

## THANK COMMISSIONERS FOR THE OPPORTUNITY TO SPEAK

WE HAVE LIVED AND FARMED IN THE AREA AS A FAMILY SINCE 1906  
THE COUNTRY IS GENERALLY STEEP WITH LOW AG. CAPACITY.  
SINCE THE PROPOSAL FOR THIS PROJECT 7 YEARS AGO I HAVE  
TAKEN TIME TO INVESTIGATE THE IMPACT ON MY FARM ENTERPRISE  
AND FOUND IT WILL BE MINIMAL ECOLOGICAL, ANTHROPOLOGICAL ETC.  
AND CONSULTED WITH PEOPLE CONDUCTING NUMEROUS SURVEYS AND  
THESE PEOPLE HAVE HAD NO OBJECTIONS.

ALSO SPOKE TO PEOPLE IN NEIGHBOURING DISTRICTS WIND FARM  
OPERATIONS AND FOUND VERY FEW COMPLAINTS

## SUMMARY

- 1/ THE PROJECT IS CLEAN (NO EMISSIONS).
- 2/ WILL NOT HAVE AN EVEN INCREASING ENVIRONMENTAL IMPACT  
WHAT YOU SEE IS WHAT YOU GET.
- 3/ WILL CONTRIBUTE CONSIDERABLE INCOME INTO DISTRICT  
COMMUNITY GRANTS ETC = FARM CONTRIBUTIONS LARGELY SPENT  
IN DISTRICT.

THIS IS A ONCE IN A GENERATION OPPORTUNITY TO HAVE A  
QUALITY NON INTRUSIVE WEALTH GENERATING INDUSTRY IN  
OUR REGION

BEAUTY IS IN THE EYE OF THE BE HOLDER.

MANY PEOPLE FIND TURBINE TOWERS ATTRACTIVE

I THANK YOU FOR HEARING MY THOUGHTS ON THIS PROJECT.

ALLAN HOWARD
