Chairperson  
Planning Assessment Commissions  
GPO Box 3415  
Sydney NSW 2001

Dear Ms Briggs *Lynelle*

**Calga Sand Quarry (DA 94-4-2004)  
Modification 3 – Crushing System**

The Department has received a modification application by Hanson Construction Materials Pty Ltd for the Calga Sand Quarry in the Central Coast Local Government Area. The Department's assessment of the proposed modification and its recommendations are contained within the attached folder.

The modification is minor in nature. However, the Department received more than 25 public objections during the exhibition period. Therefore, in accordance with the Minister's delegation dated 16 February 2015, the modification is now referred to the Commission for determination.

Should you have any enquiries, please contact Matthew Sprott, A/Director, Resource Assessments on 8217 2054.

Yours sincerely

Marcus Ray  
Deputy Secretary  
Planning Services
