Subject: RE: DA17/1092 Wallacia Memorial Park

David,

Further to the documents sent via the message below, please find attached copies of Council's Assessment Report including recommendation and internal referrals as requested to be provided to the Independent Planning Commission (IPC) by the Minister.

These messages and documents have also been sent to the Sydney Western City Planning Panel (SWCPP) Secretariat.

Council's assessment and recommendation can now inform the SWCPPs proposed determination and reasons for the proposed determination which we note are required to be provided to the IPC (as delegated by the Minister) in accordance with Section 4.33(7) of the Environmental Planning and Assessment Act, 1979 the Act).

We trust that these documents, proposed determination and reasons will then inform any Directions that the IPC may give to the SWCPP in accordance with Section 4.34 of the Act.

Importantly our opportunity to report the application to a public meeting of the SWCPP in August for a proposed determination is drawing to a close.

We still seek clarification from the IPC as to how this application may otherwise be determined?

Please contact me if you have any questions further to the above, wish to discuss the matter or can provide further clarification on the question I have raised.
