Good afternoon Jane,

I refer to our telephone conversation earlier today regarding the proposed Crown Cemetery and Crematoria Development in Wallacia. Further to our conversation I outline below the current status of this project:

- On 1 August 2018, the Commission wrote to the Department of Planning and Environment (the Department) to undertake the remaining assessment of the application. The Department has now provided its assessment of the application to the Commission and it will be published on the Commission's website tomorrow (25 January 2019).
- The information submitted to the Commission by Penrith City Council's will also be published on the Commission's website tomorrow.
- All of the above information will be able to be viewed at the following link:
<https://www.ipcn.nsw.gov.au/projects/2018/06/crown-cemetery-and-crematoria-development-wallacia-and-varroville>
- A Commission Panel will be appointed to finalise the assessment of the development application prior to directing Sydney Western City Planning Panel (the consent authority) to determine the application. Confirmation of the Commission Panel members will be uploaded to the Commission's website shortly.
- Once the Commission Panel members have been confirmed, the Panel members will then determine the format of public consultation on this development application.

If you require any further information, please do not hesitate to contact me.

Regards,
Matthew
