---

Dear IPCN,

I very strongly object to the SLS proposal. It is an obscene over-development in relation to its immediate environment.

SIZE. 2400 new apartments in addition to the 1900 already completed or going up in Lane Cove along the highway

INFRASTRUCTURE. No matching plans for schools, hospitals, roads to accommodate this massive population increase

ENVIRONMENT/AMENITY. The existing low rise amenity for residents is forever ruined

Please do not proceed with this Proposal

Yours faithfully,

Michael Guthrie
