

Viewpoint 3

Viewpoint 3	Residence along access road
Category of view	Immediate vicinity
Landscape context	Residence
Distance of view	180-340m
Relative number of viewers	Small
Likely duration of view	Moderate
Visual sensitivity	Moderate
Visual effect	Moderate
Visual impact rating	Moderate

Description:

View toward the proposed access road from near a residence. The access road will run along the paddocks from The Bucketts Way. It will disappear into the existing bushland and continue over a hill. Approximately 250m of the road will be visible as it runs through this cleared area. **It will always be seen and heard - not suitable in any location.**

Comments:

The access road will carry an average of less than 10 trucks per hour during the day (max. 25 trucks) and will be gated at the end of each day. **You have no idea how many trucks would come per day.** Visually, the most intrusive element will be the construction equipment while the road is being built. After construction, the road will lie at ground-level and become just another road in the landscape. **Cutting our quiet Valley in half by a noisy dusty,umpy inland Truck highway - when currently there is none - therefore the Summary of being "Just another road in the landscape" is insulting and baseless and u**
