

23 November 2023

Tim Averill  
Managing Director – Australia  
Elgin Energy

via email: [REDACTED]

Dear Tim,

### **Glanmire Solar Farm – Applicant Questions on Notice**

I refer to the State significant development application for the Glanmire Solar Farm (SSD 21208499) (**Application**), currently before the Independent Planning Commission (**Commission**) for determination.

The Commission is seeking information from Elgin Energy (**Applicant**) on the following matters:

1. Please specify which dams will be infilled and which will be retained as part of the Project. The Commission would be assisted by a plan demonstrating this.
2. Please specify how much water is intended to be stored on site and provide a breakdown of the intended uses (e.g. dust suppression, landscape plantings maintenance).
3. Please clarify whether there has been any discussion held with Bathurst Regional Council (**Council**) regarding the capacity of Council's facilities to receive any waste resulting from the construction, operation and/or decommissioning stages of the Project.

The Commission requests that the Applicant provide a response by **5pm on Wednesday 29 November 2023**.

Should you require any clarification in relation to the above, or wish to discuss further, please contact Oliver Cope at [REDACTED] or [REDACTED].

Yours sincerely,

[REDACTED]

**Planning Director**
