Hi [REDACTED],

A request for a reference from the IPC Chair yesterday after my presentation. Please pass this on, it comes from the ABS, 2022a.

Within the LGA, 152,636 ha of land is subject to agricultural activity (ABS, 2022a). The area of land use for of the agricultural types for the Bathurst Regional Council LGA is presented in **Table 2**, which shows grazing as the dominant land use, accounting for approximately 93% of this area (ABS, 2022a).

Table 2: Bathurst Regional Council LGA Agricultural Land Use by Type 2020 - 2021

	Ha	%
Grazing	142,198	93
Cropping	8,705	6
Forestry	1,001	<1
Other	732	<1
Total	152,636	100

Note: 2020 - 2021 was the last year an agricultural census was undertaken.

Many thanks,
David

David Harbison
