

WALLA WALLA SOLAR FARM (SSD-9874)

We're holding a Public Meeting to listen to the community's views

The NSW Department of Planning, Industry & Environment has now completed its evaluation of the proposed **Walla Walla Solar Farm** and provided it to the Independent Planning Commission NSW for determination.

In line with regulatory requirements introduced in response to the COVID-19 (Coronavirus) pandemic, the Commission is not holding face-to-face public meetings at this time. To ensure interested individuals and/or groups can still have their say on the Walla Walla Solar Farm, the Commission will conduct a public meeting remotely by video conference (with an option to participate by telephone).

Commissioners Andrew Hutton (Panel Chair) and Professor Zada Lipman have been appointed to determine this state significant development application. They will host the electronic Public Meeting from **10am AEDT on Thursday 5 November 2020** to hear directly from community members.

How to Have Your Say

If you wish to apply to speak at the electronic Public Meeting, you must complete an expression of interest form available on our website by no later than **5pm AEDT on Friday 30 October 2020**. Once speakers who wish to participate in the Public Meeting are registered, the Commission will provide additional information about the technical details and process to assist them.

How to watch and/or listen to the Meeting

This electronic Public Meeting will be live-streamed on the Commission's website: www.ipcn.nsw.gov.au/livestream. If you have no or limited internet access, you'll be able to listen to a live audio stream of proceedings by dialing **1800 093 431** and entering the following **PIN: 73733978#**

In the interests of openness and transparency, a transcript of the public meeting will also be published on the Commission's website.
