

Dear NSW Government,

I write in support of the proposed Vickery project.

The NW of NSW and Australia has prospered because of the expansion of coal mining in the NW region of NSW. Mining operators have shown to be successful in working in with the Agronomy and Live Stock Industries in positively enhancing the region. My reasons are as follows:

1. The region needs jobs. Without jobs for our children they will move to the cities in search of employment.
2. Mining brings diversity to the region and gives our children more choices in successful vocations.
3. More mining increases the broad base of wealth in the region.
4. Since mining has increased I have been able to keep my piano business open and growing in Narrabri.

I hope you see the outcomes of this Vickery project as favorably as I do and allow the project to proceed.

Best regards,

10.2.19

Gerald Davies  
Piano Technician
