Dear Sir/Madam,

NSW Department of Planning

Re: Support for the Maxwell Underground Coal Mine Project

Application Number: SSD-9526

My name is Chad Dillinger and I am the Managing Director of Australian Mining Equipment based in Hexham NSW.

I am writing to lodge my support for Malabar Coal's Maxwell Underground Project.

Australian Mining Equipment is an Australian owned and operated company and is one of the leading manufacturers of Underground Mining equipment.

The Maxwell Underground Project could result in a substantial increase in our business with supply of new equipment, rebuilds, parts and services. AME employs a local workforce of 150 people and a new mine project would provide potential further employment opportunities within our business along with having a flow on effect for the local suppliers to our business.

This project will give a much-needed economic boost to the Upper Hunter and New South Wales and will guarantee sustainability of our business long into the future.

Please do not hesitate to contact me if you wish to discuss this submission in further detail.

Chad Dillinger
Managing Director
Australian Mining Equipment Pty Ltd
