Re: Maxwell Underground Project

Dear Commission,

My name is Adam John Dever and I am a local resident I have lived in the Hunter region for 40 years.

I am writing to register my support for Malabar Resources' Maxwell Underground Project.

I support the Project because of the below:

- Employment benefits for the local community
- Upskilling next generation youth of the community
- Further regeneration of the former Drayton mine site
- Input into the local economy during construction and production
- Benefits to local non for-profit clubs and charities
- Being an underground mine Malabar can co-exist with other industries in the area by reducing environmental impacts

These benefits will make a long-term, positive difference to my community.

Regards

Adam John Dever
