

Um Lisa Matthews - former Wyong CLR.
Newly Elected CC Coast.

Busy women ^{with} many hats.
_{working}

17 year resident / 15 years ^{comm.} activist

10 year fighting this ^{coal.} mine.

8 year former U.S.C.

More than NT / Similar to ACT.

Don't think you would see a mine
330,000 + people in a ^{pop up} growing urban area. ^{could you imagine that} Canberra?

This is our only ~~E.~~ Catchment.

OUR WATER FROM RIVERS & GROUND WATER
MUST BE PROTECTED -

The DRAFT Report States there must
BE NO NET impact on our water
System how can this be Achieved.
This PROPOSAL must be Refused.

The Cost Benefit Analysis
has been ~~and~~ questioned by the
PAC ITSELF

IF The Benefit to the Coast
is questionable after so long then
must be refused.

The Central Coast Water Supply
Built in 2009.

The Largest Water ~~project~~

infrastructure project: in 2009-2011

\$120,000,000 Fed gave.

\$80,000,000 Now Now!
you want to MINE UNDER IT!

WATER IS THE ONLY THING
WORTH EXTRACTING FROM THE
VALLEY. PEOPLE NEED WATER
WE CANNOT DRINK COAL

OUR CATCHMENT IS SO
SMALL BUT SO IMPORTANT
YOU CANNOT BUILD A CITY
WITHOUT WATER.

WE NEED INFRASTRUCTURE
TO SUPPORT GROWING REGION NOT
INFRASTRUCTURE FOR A MUSE.

IF THE CONDITIONS ARE SO ONEROUS
~~ON~~ ON THE MINE HOW
CAN THIS MINE BE APPROVED

^{MYAR}
IF QUESTIONS STILL EXIST AT
THIS STAGE ~~THE~~ THE REAL CASE
PROVED IS FOR A REFUSAL.

A REFUSAL FOR OUR LOCAL,
FAST GROWING AREA. AN AREA
THAT CANNOT SUFFER TO HAVE
ANY RISK NO MATTER HOW
SMALL HELD AGAINST IT. ESPECIALLY
WHAT I CAN SEE IS NO REAL
BENEFIT ESPECIALLY LONG TERM FOR THEM.
