## **PAC SUBMISSION**

**DEMOCRACY** is defined as a form of government in which the supreme power is vested in the people and exercised by them or by their elected representatives under a free electoral system.

In the scenario that will be addressed by the PAC, the **MINORITY** consists of Kores, lobbyists and shareholders concerned only for their project whilst focussed purely on profit.

On the other hand, the **MAJORITY** consists of all other residents of the Central Coast concerned about clean air, drinkable water, personal health, food supply, flora, fauna and the ecosystem whilst focussed on protecting **OUR WAY OF LIFE.**

The central purpose of government is to be the role model for, and protector of, equality and freedom and our associated human rights... **FUNDAMENTAL RIGHTS** to which a person is inherently entitled simply because they are a human being.

As human beings we have **THE RIGHT TO CLEAN AIR AND WATER** and **FAILURE** to provide this is contrary to the primary role of government.

Decisions made to benefit the **MINORITY** at the expense of the **MAJORITY** goes against all the principals of a democracy.

This project **DOES NOT HAVE A SOCIAL LICENCE** to operate and should be rejected outright.

**WE DON'T LIVE IN AN ECONOMY.  
WE LIVE IN A SOCIETY.**

**WE DON'T EXIST TO MAKE A FEW WEALTHY.  
WE LIVE TO RAISE OUR FAMILIES AND SUPPORT OUR  
COMMUNITY.**

The people were here long before the Wallarah 2 Coal Project was proposed and we're damn sure that we are not going to let Kores threaten **OUR CENTAL COAST.**

## **POWER TO THE PEOPLE**
