

Barbara McBrie

15th Nov 17

Dear Sirs. Madam.

I'm writing to you to fully support the Invenible Gallery Southern Extension Modification (07.0127 Mod 5) to go ahead. I cant stress enough that we need this mine to go ahead.

Since the last letter dated 8th June 17, we have lost our Post office, Hotel and shop. As Cullen has always been a mining town, locals had jobs in the mines, the mines supported our town, now no mine no nothing in our town. We need employment in our town hoping that we may get back to what Cullen was.

WHY is the meeting being held at the Lithgow Workers Club. The mine is in our town not Lithgow. Our last meeting was held at the Progress Hall here in Cullen.

so why not have it again here.

These are people who dont drive
parents who has to get their children
to school its not going to give
resident much time to get to Lethgow
for 9:30 start. Its to do with Cullen.
get us back on the map.

Yours faithfully
Barbara Munn
