Ref DA90-17

07_0127 MOD 5.

The members of the Cullen Bullen Progress Association wish to support the Invincible Colliery Southern Extension Project the reasons being.

- 1) We hope they will employ local people
- 2) In the past they have given money to help projects in the town we hope they will continue to do so.
- 3) At the present time the township of Cullen Bullen is dead we have no shop no Post Office. no Hotel & no business in the town maybe if the open cut goes ahead other things in the town will open again.

We would like to know why the meeting is being held at the Lithgow Workmen's

2

Club when Cullen Bullen has the
Progress Hall which could be used
for the meeting.

Yours Faith Sully
