Subject: Cockle Bay Wharf redevelopment SSD Application and GANSW request

To the Planning Assessment Commission Panel Chair,

I refer to our meeting of 20th March 2019 with the Commission for the proposed Cockle Bay Wharf redevelopment SSD Application.

Upon reflection following the meeting, the GANSW attendees did not have the comprehensive technical knowledge of the project to be able to respond to the issues raised as our involvement is only with the proposed future Design Excellence strategy. Therefore, GANSW requests that the Commission disregard the information discussed at this meeting and refer to Peter Weber's advice dated July 2018.

If the Commission has any questions further to this advice, we would be happy to respond in writing.

Regards
Ben
