Subject: Fox Valley Developments
Date: Friday, 8 November 2019 11:49:50 AM

The Broadway used to be a quiet suburb, before the many developments.
It seems to be increasingly an industrial suburb, with more and more developments on Fox Valley Road, apart from the hospital.
It has been officially declared a fire risk area, and is listed as such by the fire brigade.
Can you imagine the problems, when there is a fire, and fifty or sixty cars are all trying to get out across the Comenarra Parkway at the one time. ?
We are strongly against the proposed new developments.

Sincerely

Michael Barnett - Chartered Accountant
