Subject: Comment on make-up of panel for PH001/20
Date: Friday, 12 June 2020 3:30:16 PM

To whom it may concern,

I am writing to formalise the verbal complaint i made earlier today in regard to the make-up of the panel for the Narrabri Gas proposal (PH001/20).

This committee is made up of three male members. This does not reflect the community of NSW. The panel should be at least one women, and an indigenous person.

In the hope that you can rectify this imbalance as soon as possible.

With kind regards,
Ms Carolyn Crossman
