---

Dear Sir/Madam,

I am writing to make a submission on the Narrabri Gas Project.

I am happy for my name and submission to be included on your website.

I object to the proposed Narrabri Gas Project and ask the Independent Planning Commission to reject this project. My concerns are listed below.

As an Aboriginal man I am deeply connected to country. It hurts when country is destroyed, we are losing our planet which all leads to the destruction of mankind. The Pilliga is one of the last places left in western NSW that is still practically untouched where I can go and practice culture. it would devastate me to see it destroyed and I speak for my large Aboriginal family we all feel the same on this issue. It must stop please, for the future children of the earth! Have mercy so my descendants are left with something they can connect to and stay healthy and happy on country!

Yours Sincerely,

Mark Williams
