Water since settlement has provided life & production for Australia's economy all those years of the past without a problem of contamination, quality or quantity by our wonderful system the Great Artesian Basin water supply.  
People in our region can't live or produce without water.  
Gas & Money will never replace the loss of our water in the future.  
So you have no choice but to say No to Santos C.S. Gas in Pilliga-Coonamble area.

Please continue on back side.
