We rely on bore water here, and no one knows what damage this project will cause the flow of our water in years to come. 40 years from now I won't be around to see it but I hope my grandchildren can have clean drinking

Please continue on back side.

w

water to drink and not be like
3rd world countries and having
to drink contaminated water.

Maybe if the powers that be
got out from behind their
mahogany desks and didn't just
see the dollar signs, if they came
out into the real world ~~and~~
to see what makes the world go
round they would wake up to
themselves and say No to
this project
