975 Coboko Rd
Narromine 2821

Office of Independent Planning
Commission NSW.

Dear Sir/Madam,

Our water is the lifeblood of our Nation.

- Don't be the people who allows the water and land to be poisoned with chemicals & salt.
- Mining Companies short term gain for long term loss of so much else. Our Food, Our Export Markets, Our Health.
- Our Agriculture can be sustainable for hundreds of years. CSG is not.

Rolyn Healy.
