Goodness please see common sense if the major insurance companies will no longer include liability protection, our farms are at RISK. The deep water table of our aquifer do not need the removing of 37 billion litres which will cause depressurisation and loss of water in the Pilliga Sandstone. The evidence is in QLD, bores have already been affected. We cannot exist without this water. We have a beef farm what happen if the ^{beef} become

Please continue on back side.

contaminated.

Good health needs clean water. A Safe
sustainable food supply

Thank you
