

Submission NARRABRI GAS PROJECT.

INDEPENDENT PLANNING COMMISSION NSW PUBLIC HEARING.

Name: Emily Jane Smith

DATE: 22/07/2020

Address: 33 Stoney Point Rd. Coonabarabran. NSW 2357

I, Emily Jane Smith, was born, and have lived the majority of my life in Coonabarabran/Pilliga. I see myself as indigenous to this Land, and therefore a Custodian of this Land.

I state now, that Santos are NOT welcome here in the Pilliga Forest. NOT a single one of their suggested wells are welcome.

I PROTEST this project 100%.

The Reasons: CSC mining have left a trail of destruction EVERYWHERE they go. It is no secret the damage they cause to the Air, the Earth and the Water. The risk to the water alone is enough. Without clean, pure, living water to feed our bodies and grow our food and the plants needed to produce oxygen, our whole ecosystem collapses. Far more frightening than an economic crash. An economic crash, we build a better system. A collapse of our ecosystem. We Die. No one needs a job when they're Dead.

Let's protect our Waters Together
for our Grandsons and Granddaughters.

In Truth,
Emily Jane Smith
