To Whom It Should Concern,

My name is Jill Smith [jillesmith15@gmail.com](mailto:jillesmith15@gmail.com) I am  
a resident of Coonabarabran, citizen of Australia.

We live in a drought prone country  
being admist the lovid 19 pandemic  
that has no known cure or expiry date.

Our National Food Security should be TOP PRIORITY

- C.S.G - lowers & causes pollution of our water table
- contaminates our land & us if we're close enough!
  - impacts flora & fauna
  - & farms become ununsurable

SO OF COURSE I DO NOT WANT CSG.

CSG DOES NOT HAVE COMMUNITY CONSENT !!!

The government, which is supposed to represent the people SHOULD  
WITHOUT FURTHER ADD REMEDIATE  
what they have not only been allowing, but facilitating  
(with regard to CSG) & stop it immediately.

STEP UP - REPRESENT THE PEOPLE

WE DO NOT WANT CSG HERE, WE DO NOT WANT IT THERE

WE DO NOT WANT IT ANYWHERE!

I sincerely hope you will have a change of perspective,  
with accurate insight into what is best for our environment  
on which we all ultimately depend

DO WHAT IS RIGHT FOR THE PEOPLE AND CREATURES OF OUR LAND  
STOP CSG!

Yours Sincerely  
Jill Smith

P.S WHAT ARE YOU GOING TO DO - AND WHEN?
