Subject: Narrabri Gas Project

Dear Sir,

I am a farmer who will be directly impacted by the proposed Narrabri Gas Project. In response to Santos's further submission, I would like to say that this is typical of Santos. In my dealings with them, they change the information to suit themselves. They offer contradicting information and do not follow through in any way that is truthful or accurate. We have put up with this type of nonsense since 2008.

Why would we trust this company?

Once again, I strongly oppose this project.
