---

Good afternoon Steve and Bradley,

Please be advised that Delta Coal has provided a late comment on the Department's recommended conditions for the Chain Valley and Mannering Mods currently being considered by the Commission and currently available for viewing on the Commission's website.

The Applicant for the proposed modifications has requested that, if the Commission were to approve the modifications, the Department's recommended conditions be amended to reflect the Applicant's name as "Great Southern Energy Pty Limited" rather than their current trading name "Delta Coal Pty Limited" (please see below email). This request affects bullet point 1) in each of the Department's recommended Instruments of Modification for CVC Mod 3 and MC Mod 5 (and associated consolidated consents).

Kind regards,  
Matthew

Matthew,

I have noted the notice of modification refers to Delta Coal Pty Limited.  
This should be Great Southern Energy Pty Limited (trading as Delta Coal).

Sorry, but I only just picked up on this.
