Dear Keiran and Team

I just gave you a call and left a message, as I wanted to give you an update on the status of the Donnison Street SSD.

The Commission is nearing the determination of the above project and the draft Conditions have been prepared. Some amendments to the scheme are proposed as conditions of consent.

I have presented the draft conditions in mark up , with the explanation as a comment, (based on the feedback received post the Mann Street project that seeing the conditions as track changes is easier than a list of changes). Perhaps you could respond as a new comment.

It would be appreciated if you could review the proposed conditions and draft consent for clarity and workability.

I will send Attachment A separately, as the Commission is making changes to that as well and I need to tidy up the way this is presented to you.

Please give me a call if there are any questions or aspects that need explanation.

Thanks and regards

Heather
