I strongly object to this project.

My name is Keelah Lam I was born in 1943 before there were serious signs of what our modern lifestyle is doing to the amazing planet Earth

I agree with every objection you have so far heard . You Know all the economic, social and environmental reasons why this Russel Vale extension must not be allowed to progress.

You, the IPC get to choose:

(False) ECONOMY?

OR HEALTHY ECOLOGY?

PLEASE PROTECT MOTHER NATURE

PLEASE REFUSE THIS MAD, DANGEROUS PROJECT.
