Subject: Boral sand mine opposition - Minnamurra
Date: Thursday, 8 October 2020 9:08:25 AM

Hi

I am a concerned local resident writing about the extension of the Boral sand mine in Minnamurra. The downstream effects of this project have the potential to be catastrophic to the local ecosystem. The proposed mining site is far too close to the river and abuts an old landfill site. I urge you to put the environment and local residents first and disallow this extension.

Kind regards

Dr Nathan Trist
100 Charles Ave Minnamurra
