Subject: Submission AGAINST Proposed DENDROBIUM EXTENSION PROJECT SSD 8194
Date: Tuesday, 15 December 2020 3:43:57 PM

Commissioners

There is no guarantee that water will not be polluted and this type of mining has resulted already in too many poisonings of one of our most precious resources, WATER!

The Idea that this review will bequeath further environmental despair on our children and grandchildren is beyond my understanding.

Please note this as you consider further environmental vandalism in the name of money.

Sincerely

Andrew Thomson
807 Dicksons Rd, Durren Durren NSW 2259.
