Dear Commissioners,

I wish to register my complete objection to South32's proposed Dendrobium Extension Project.

That this proposal has been deemed approvable is a disgrace and an indictment on the NSW Planning regime.

I have personally witnessed and filmed the horrific impacts of subsidence in Sydney's water catchment. I strongly believe that all public servants and political officials involved in such approvals should be prosecuted for negligence of duty of care to the public.

I provide my consent for the contents of my submission, including my name and postcode, to be published and listed by the department.

Yours sincerely,  
Peter Dowson,
