I thank the commission for the valuable suggestion.

I fully support your suggestion/ recommendation regarding the Harbourside development SSD 7874.

I am in favour of the **maximum podium height of RL 11.8 applying to the entire portion of the podium to the north of the proposed tower** which would bring the redevelopment in line with the one that has been approved at Cockle Bay.

The above will also allow a greater area of **contiguous upper level public open space from the western end of Pyrmont bridge** as well as reduce shadowing over the public foreshore domain.
