Thank you for your email.

I do not get what this email is requesting.

The claim that there were only a few tourist attractions in the area is a lie, and the company can not be trusted now or in the future.

The area does not need more taxpayer-subsidized mining companies destroying a tourist area and a growing residential area.

The region should have a better plan and management for a future in education, tourism, health, aged care, smart green residential living, SME development, agriculture, agricultural export and transport.

The area could be a major growth area which is located close to Sydney city, the new International Airport, Canberra and the coast while still maintaining its tourist attractions which includes most of BERRIMA town.

Thanks,
Rowan
