**Re- Kariong Soil and Sand Supplies**

To Mr. Mark Jackson,

The Mangrove Mountain and District Community Group Inc. are concerned that Kariong Sand and Soil Supplies thank Mangrove Mountain and Districts Community Group, Inc for their support in the print media.

On 22<sup>nd</sup> March 2018 I personally raised concerns with you by telephone conversation, in regards to Mrs. Margaret Pontifex and her immediate family, who did support KSSS Development Application.

Mrs. Pontifex claimed she had the approval of MMDCG. This was not true; Mrs Pontifex was later expelled from the group and has no connection with MMDCG.

Mangrove Mountain and Districts Community Group in fact did not support Kariong Sand and Soil Supplies application, and on the 24<sup>th</sup> September 2020 made a submission against KSSS's Development Application.

The Association require that you correct this erroneous statement which is causing a concern within our community, and cease referring to our group as giving support to the KSSS application.

Yours Sincerely  
Public Officer/Hon. Secretary  
Danny Willmott
