

Attention: Commissioners

SSD 10421 SGS Weigall

I live at 29 Lawson St backing onto the SGS construction site with my back window within a few metres of the proposed construction.

I am an elderly man who chose to live here because of the peace and quiet and the airy bright outlook

My back bedroom will be severely impacted by the loss of fresh air, light, sunlight, warmth in winter, cooling breezes in summer, healthy open vista & outlook: as well as by the terrible close loud noise of construction right outside my window.

Section 6:3:13 of the the Department's Assessment Report requested that "the Applicant provide detailed view impact assessment for all surrounding properties likely to be impacted."

My apartment has not been assessed - neither have any of the neighbours in the apartments at the back of our building, all within the minimum distance of the back of the proposed Sport Centre.

[REDACTED]

28/33 Lawson.

[REDACTED]

name to be withheld.
