Subject: Submission against the Narrabri Underground Mine Stage 3 Extension Project
Date: Sunday, 6 March 2022 12:27:19 PM

I am writing to express my opposition to the expansion of the underground mine at Narrabri. As evidenced by recent fires and floods, our planet is already suffering from the effects of our current methods of producing energy. There needs to be a change in thinking when plans are proposed to either expand or build new coal mines. We cannot keep talking about future plans for a sustainable future. The future is now.

Please do not allow this expansion to proceed.

Thank you,

Nancy Oosterhoff
