---

Hi Prity,

I am forwarding a submission that was received by The Lord Mayor's Office (attached) for SSD 10383 - Westmead Catholic Community Campus for your records.

Also attached is Council's response to the objector indicating that this application is a State Significant Development Application currently under assessment with DPIE.

If you have any questions or concerns in regard to this please do not hesitate to be in contact.

Thank you,

**Thomas Fernandez**

Development Assessment Officer | City Significant Development

**Subject:** FW: objection to proposed Westmead Catholic Community

Hi Thomas

Ms. Jacqueline Wehbe  
[REDACTED]

|  |            |
|--|------------|
| Our Reference  | NCA/8/2019 |
| Dept. of Planning, Infrastructure and Environment Reference: | SSD 10383  |

10 July 2020

Dear Ms Wehbe

**2 Darcy Road Westmead - Westmead Catholic Community Education Campus.**

I refer to representations received by the Lord Mayor dated 14 July 2020, in respect to the subject State Significant Application.

Please note that the above application is not being assessed by the City of Parramatta Council (Council), rather the applicant lodged the development with the NSW Department of Planning, Infrastructure and Environment (the Department). Any decision made on the development, will be done so by the Department.

Council has forwarded your objection of the proposal on to the Department for their consideration.

For further information on the State Significant Development process and further information on this application, please see the following link. You can search using the SSD number or Westmead Catholic Community Education Campus.

<https://www.planningportal.nsw.gov.au/major-projects/assessment/state-significant-development>

Regards,

**Claire Stephens**  
Development Assessment Manager  
City of Parramatta

\*\*\*\*\*

To whom it may concern.

I would like to express my concern over the Westmead Catholic Community proposal.

Currently standing at this location you wish to over develop stands:

Mother Teresa Primary School  
Catherine Macauley High School  
Parramatta Marist High School.

You claim this is a response to the growing needs of the Westmead Community & you now propose to merge two primary schools together, establish an early learning centre & relocate a Parish, all on the same site, where there are currently two high schools & primary school.

You fail to mention the student capacity you predict to reach or cap enrolments at ?

In addition to this proposal, which you fail to mention is Westmead Public Hospital, Westmead Private Hospital, a countless list of specialist doctors, specialist facilities & medical services that all share the same arterial roads as a means to access these services, facilities & schools daily.

Parramatta council has objected to this proposal, as having a heavy “concentration of activities on the site, that will negatively impact traffic in the area”.

<https://www.cityofparramatta.nsw.gov.au/about-parramatta/news/media-release/objection-to-westmead-catholic-campus>

I currently have a child at Marist, pre Covid 19 he was catching a bus in the morning, not a school bus, a public local service as there is no school bus that services the many students in the Oatlands / North Parramatta / Carlingford / North Rocks areas & he is picked up every afternoon, as he has afterschool activities, and the time it takes to get home of an afternoon, makes it a long day.

Since Covid 19, we have been doing the morning drop off, as most parents are to ensure the safety & wellbeing of their children, not to mention the social distancing required on public transport at the present time.

High school parents are unable to enter the school grounds of an afternoon until after 3:30pm to pick up as the primary school children & parents have priority before this time.

You only need to observe this one afternoon to see how difficult it is to pick up your child, observe the parents picking up on the school site, & surrounds & at how congested the school entry & exits points are, & you want to add more activity to this site with extra parents, children & parishioners ?

A similar proposal was imagined in Parramatta a few years ago, for St Patricks Primary School & the Cathedral, again on busy arterial roads, with the same traffic congestion & the difficulty parents have dropping off & picking up children with other schools & businesses in the vicinity. This proposal was objected, & you have now moved the same idea to Westmead.

I understand the growth in the area, as many areas are also growing in population & there is the need for another Catholic primary school, however, you should be looking at schools

that are not located near hospitals, doctors, or specialist services, and are not on arterial roads. You should be looking at areas where you can expand the school as the population grows, areas that will allow & cope with school traffic, congestion & growth.

You should be focusing & planning to expand Sacred Heart School on its current location to allow for the growth you are predicting & incorporate the Early Learning Centre on these grounds & give the current parish a renovation.

This is away from the main arterial roads & congestion of the Westmead site, & would be welcomed by many.

The responsible planners for this proposal do not have children at these current schools, these planners do not drive to the location on a daily basis, nor do they understand the difficulty parents have getting their children to & from school daily.

Many parents are opposed to the Westmead Catholic Community proposal development, we will not stand for this & would hope you reconsider this at another location.

**From:** [Mary Wayumba](#)

**Subject:** Comments on submission for Westmead Catholic Schools development.  
**Date:** Friday, 8 May 2020 7:55:43 PM

---

Hi,

I am a parent of a student at the primary school and am unsure of the right avenue to comment on the submission. Please advise how best do this or if I still can as I know the exhibition date has closed. I have numerous questions and concerns about the development and just want to point out a few here:

- \_ The traffic management plan doesn't account for the increased traffic from the planned high schools developments by year of stabilisation, either into the school or surrounding streets which are already very congested and at a standstill at pick up and drop off.
- \_ Minimal play areas and none in sunlight is not inline with health recommendations and a safety issue for primary aged children, in a high rise
- There are numerous irregularities in the community engagement plan i.e. parents at the primary school had only 1 meeting with the Parramatta Catholic Education staff and were then directed to the website for comments, questions. The advisory committee including parents is on hold due to COVID 19.

I'd appreciate if you could forward this to the right people or advise of the correct channel to forward these concerns.

Kind regards,  
Mary Wayumba
