Dear ICPN

I understand that the additional material re heritage shows that Ravensworth homestead and the surrounding area has the strong documentary evidence of the massacres that were part of European settlement of Australia, including the Ravensworth massacre.

I also understand that Glencore want to pick up and move the Ravensworth Homestead and mine the estate. As a resident of Canberra where Old Parliament house is located, i agree with the Chair of the Heritage Council who has compared moving Ravensworth in such a manner, to trucking Old Parliament House to Queanbeyan.

Just utterly wrong.

I hope you can make a decision to protect this area and also to stop literally fueling climate change with fossil fuels.

Best wishes
