

Dr Sam McLean
Executive Director
Independent Planning Commission

Via email: [REDACTED]

Dear Dr McLean

Thank you for your correspondence to the Secretary of the Department of Planning and Environment requesting an extension to the determination date for the Glendell Continued Operations Project. The Secretary asked me to respond on his behalf.

I note your request that the determination date be extended to four weeks after receipt of further advice from the Department in response to the Independent Planning Commission's (the Commission) request on 6 April 2022 for further assessment on matters relating to heritage impacts. This time would allow for receipt of further public submissions and consideration of additional information.

I would like to advise you that the Secretary has considered the reasons for the request for the extension and agreed to the proposed extension under the terms of reference of the Minister's request to the Commission dated 9 September 2021.

If you have any more questions about this extension please contact Stephen O'Donoghue, Director Resource Assessments on [REDACTED].

Yours sincerely

19/05/2022

Clay Preshaw
Executive Director
Energy, Resource and Industry Assessments
