Subject: Ravensworth Homestead
Date: Tuesday, 22 March 2022 4:18:00 PM

Dear Sir/Madam,

I strongly object to the removal of Ravensworth Homestead from where it has stood for 94 years.

The area, the land, the property where Ravensworth Homestead stands is history. It is a structure to be appreciated where it has stood for 3 generations.

The scenery where Ravensworth Homestead stands will otherwise be changed forever to be replaced with a mine. No more view of the mountains. All there will be is piles of dirt, huge piles, no doubt right up next to the road, and dust, dust, dust.

How much more coal dust and silica dust is Camberwell and the Hunter Valley region expected to take?

Kind regards,
Sandra Turner
