

MOUNT PLEASANT OPTIMISATION PROJECT (SSD 10418)

19 August 2022

The Independent Planning Commission Panel for the Mount Pleasant Optimisation Project (SSD 10418) has received correspondence from the Department of Planning and Environment, dated 12 August 2022. The correspondence provides for an update to one of the Department's recommended conditions of consent in relation to biodiversity credits.

The Commission Panel is of the view that the correspondence does not contain additional information that is material to the determination of the SSD application. The Commission's consideration of the correspondence will be outlined in the Commission's Statement of Reasons for its determination. Accordingly, the Panel is not seeking or accepting further written submissions regarding this correspondence.

NSW Government information about biodiversity credits and the Biodiversity Offsets Scheme can be found [here](#).
