

PRESIDENT PRIVATE HOSPITAL

Tuesday 23 May 2023

The Applicant, Macquarie Health Corporation Limited, commenced proceedings in the Land and Environment Court of NSW appealing against the decision of the Independent Planning Commission of NSW to refuse consent to development application SSD 10320 for the redevelopment of President Private Hospital at Kirrawee.

The parties to the proceedings have been ordered to attend a conciliation conference pursuant to s. 34 of the Land and Environment Court Act on 6 June 2023 at 10am. The conciliation conference will take place at President Private Hospital, 369-381 President Avenue, Kirrawee.

The Court permits the consent authority (in this case the Commission) to invite members of the public to make a submission at the conciliation conference. Accordingly, if you wish to make a submission to the Court at the conciliation conference, please contact the Independent Planning Commission on submissions@ipcn.nsw.gov.au by 29 May 2023. If the Court seeks to review submissions already made to the Commission prior to the determination of the development application, the Commission will make all of those submissions available to the Court.

(END OF STATEMENT)
