Re: Postal Public Submission in relation to Bowdens Silver Project (SSD 5765)

Answer: Support ( I am making a submission that supports the conditional approval of this proposed *Project*

This Project is one of the largest in the world. It is maximized the recovery of silver and by-products of zinc and lead whilst minimizing the impact on the environment. It will provide long term economic and social benefits to the community of Rylstone, Kandos and Mudgee and broader benefits to midwestern regional area of NSW.
