Re: Postal Public Submission in relation to Bowdens Silver Project (SSD 5765)

- Support** (I am making a submission that supports the conditional approval of this proposed development)
- Neutral** (I am neutral about this proposed development and am providing comments for consideration)
- Objection** (I am making a submission that objects to this proposed development going ahead)

Submission:

Firstly, I have held stock in SVL for several years and I plan to participate in SVL's capital raising, announced recently, if small shareholders are given the opportunity to do so. I look forward to SVL's next steps in working towards paying dividends. The Bowdens Silver Project will contribute strongly to SVL's future.

Secondly, I accept and support SVL's proposition that the Bowdens Silver Project will benefit strongly the local and regional populations during a long term.

Thirdly, I note that SVL's plans have been subjected to comprehensive examination and evaluation by the NSW Department of Planning and Environment and have received that department's endorsement (acknowledging that final consent may require SVL to comply with specific conditions nominated by the Independent Planning Commission)
