**Subject:** Bowdens Silver Project (SSD5765)

I endeavoured to use your web site however it did not include the abovementioned case which i understand is to be addressed tomorrow .

I am making a submission that supports the conditional approval of this proposed development.

I believe it will provide a positive and exciting opportunity to attract new blood to the Mudgee area. The project will

1. create a wider variety of jobs ( skilled and non skilled)
2. attract visitors seeking to tour this new venture. eg Kalgoorlie with its Big pit , Dubbo with its developing Alcan Mines, Bathurst with their race track and so on.
3. Mudgee area needs projects like these to keep the place alive and bussing.

I trust this will help you in making a project like this worthwhile for the community.

Regards

Earl Gray
