Submission

I write this submission to state my
"OBJECTION" to the proposed development
at Bowden Silver.

I believe this proposal will only have
"MANY NEGATIVE" impacts. Especially to
those located close to mine proposal site.
And also significant and "NEGATIVE" ^{impacts} to
all land-holders in the area and the
Lue + Mudgee region as a whole.

But now lets get to drainage & water
issues. There will be "LIFE-LONG
NEGATIVE" issues arise from mine
drainage and the impact this will
have on ~~the~~ "ALL" surrounding waterways.
These "MUST NOT" and "CANNOT" be put
at risk - EVER! Water is ^{one of} the most
precious commodities for existence!

Having been a long time resident in
the Upper Hunter I have witnessed the
big wealthy mining companies absolutely
ravage the landscape. "Totally unacceptable."
Mining companies are supposed to repair,
regenerate and return landscape to an
environment it was prior to coal mining!
"HA!" what a joke - this has not happened
"DO NOT" let this sort of situation happen
at Bowden's Silver.

"STOP BOWDEN'S SILVER mine!"
